BUYER'S GUIDE
1961-1962

Dear Friends:___

This past cold season has proven that our stock holds up well in the colder Northern and Mountain areas. Our location provides us with good growing weather to produce good size plants yet we get enough cold to harden the plants so that they do well in the colder areas.

We are a Pinto Tag Nursery and believe that this will add greatly to your convenience in receiving shipments from us. Our stock this year is probably among the best we have ever had. You are invited to visit the nursery and we are looking forward to your visit.

Thank you for your past patronage.
